You've had a Lakewood guitar for a long time and now you cannot find it within our guitar range? Maybe you are luckier here. . . This is a list of older guitar models that have been taken out of the series program. Most of them are still available via our customshop.
The burnished appearance and strong lines of the cocobolo back and sides are immediately striking visually. But then, in combination with the top quality AAAA European spruce sound board, the D-53 Premium achieves tonal excellence in regard to both volume and complexity. The L. R. Baggs "Anthem" Pickup System amplifies these attributes authentically for the enjoyment of audiences.
