End pin:	
Strings:	
Case / gig bag:	Hiscox Lakewood hard case

You've had a Lakewood guitar for a long time and now you cannot find it within our guitar range? Maybe you are luckier here. . . This is a list of older guitar models that have been taken out of the series program. Most of them are still available via our customshop.
The D-54 was part of our program until 2005. This model set new standards and defined the top end of our range. In 2005 the top end has been taken over by the 48 models of the, at that time, new launched premium series. Since 2007 the premium range is standardwise available with AAAA european spruce tops and in 8 different exotic woods. The D-54 has mostly been fitted with 44mm necks.
