You've had a Lakewood guitar for a long time and now you cannot find it within our guitar range? Maybe you are luckier here. . . This is a list of older guitar models that have been taken out of the series program. Most of them are still available via our customshop.
This baritone guitar with its 68cm scale, spruce top and rosewood body delivers precisely the required amount of low frequency which places it between a bass and a normal guitar. The J-32 Baritone is a vehicle for realization of new experiences, new ideas and individualistic music. As necessary, the built in L. R. Baggs "Anthem" Pickup System can be drawn on for additional attention.
