Rosewood with a superb high gloss finish and gold-plated tuners are the hallmarks of our Deluxe series. The immaculate finish provides an optical impact in keeping with the tonal quality. This is a perfectly coordinated guitar – the ideal partner for a long term relationship.
Many years ago, we created a piece of Lakewood history with the M-32 CP—an instrument that inspires both sonically and visually, and is considered by many to be the ultimate in guitar sound. Our M-32 CP Classic Crossover Deluxe brings these proven specifications into the world of nylon strings. Compared with a traditional classical guitar, however, it stands out with its low string action, narrower fingerboard and significantly more comfortable playability—all combined with the proven Anthem pickup system. This makes it 100% stage-ready as well!
