Quality woods and inherent value are the important corner stones of our Premium Series. Allow us to demonstrate how guitars are able to manifest sophistication. Introducing the Lakewood custom shop, one might well begin with selection of the relevant tone woods.
As one of the most refined and fascinating tonewoods of all, cocobolo provides the tonal foundation for our M-53 Premium Aura. Combined with an Adirondack spruce top, reinforced by delicate Adirondack spruce bracing, it creates a sound that shines brightly in the fingerstyle firmament. A powerful, floating bass embraces and supports the present mids with remarkable balance. Transparent highs add an almost angelic voice, weaving a rich tonal tapestry that can bring tears of joy to your eyes.
